PRELIMINARY AMENDMENT

Sir:

Prior to examination on the merits, please amend the application as follows:

IN THE CLAIMS:

Please amend Claims 28 and 35 as follows. A marked-up copy of Claims 28 and 35, showing the changes made thereto, is attached.

28. A memory medium according to claim 27, wherein the control program further comprises a print step, in case of setting as said host, of requesting print data to the connected device and executing printing based on the print data received from the device, and, in case of setting as said function, of receiving a print request from the connected device, informing the device of a print enabled state and executing printing based on the print data received from the device.

35. A control program according to claim 34, further comprising a step of executing a change in the print style after the display of the print style.

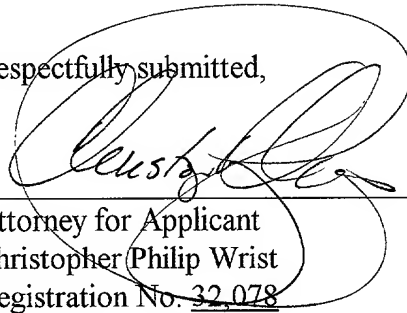

#### REMARKS

The present Preliminary Amendment is being filed together with the original applications papers in the subject application.

The proposed claim amendments merely correct inadvertent typographical errors in the dependency of the claims. No new matter has been added.

Applicant's undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our below-listed address.

Respectfully submitted,
